

In 2014, it was found that some VA Department employees were responsible for deliberately falsifying wait-time records for veteran's medical appointments in order to create the appearance of reaching wait-time targets.

This falsification of records even resulted in the unfortunate death of several veterans who were forced to wait unreasonably long periods of time before receiving the healthcare they unquestionably earned.

H.R. 294 is intended to prevent another unacceptable incident and to ensure our veterans receive the healthcare they deserve.

H.R. 294 allows veterans to obtain health care at non-VA health care facilities if they live more than 40 miles from a VA clinic or cannot be scheduled for an appointment at a VA clinic within 30 days.

Further, the bill increases the VA's capacity to provide health care services by providing expedited authority to hire more doctors and nurses and by providing for leases for the opening of 27 additional VA health facilities across the nation.

This bill will also propose a three year pilot program which will transfer certain veterans to non-department medical foster homes if they are unable to live independently at the cost of the VA.

It is our duty to make available only the best health care to our veterans, and I cite as an example the Michael E. DeBakey VA Medical Center in Houston.

The DeBakey VA Medical Center provides world-class services to almost 130,000 veterans in southeast Texas and employs over 4,000 health care professionals.

The DeBakey VA Medical Center has earned prestigious awards and accreditations for the quality of care provided, including:

Accreditation from Joint Commission for hospital, long-term care, behavioral health care, home care, and substance abuse;

Re-designation for Magnet Recognition for Excellence in Nursing Services by the American Nurses Credentialing Center;

Gold Seal of Approval in 2011 from the Joint Commission as an Advanced Primary Stroke Center; and

Specialty accreditation by the American Psychological Association Commission on Accreditation for its Clinical Neuropsychology Postdoctoral Program.

Mr. Speaker, our veterans have given this country so much and we owe it to them and to ourselves that they have the best and most accessible health care services.
